

Animal Repellent

24 fl. oz. spray

DIRECTIONS FOR USE:

SHAKE WELL BEFORE USE! This product may damage certain plant species and hard surfaces. Before full application, first test product on small area to ensure damage or staining does not occur. Apply only in dry conditions favoring prompt drying of spray (mild weather with a light breeze and low relative humidity).

DO NOT APPLY this product if bees or other pollinators are foraging in the treatment area.

Foliage Protection:

Apply this product when first signs of damage appear or when nuisance animals are seen on your property. Spray plant leaves, stems, flowers, branches and around plant perimeter. Reapply this product every 30 days, or as new growth occurs. More frequent application may be needed during periods of prolonged, heavy or frequent rainfall.

Bulb and Seed Protection:

Before planting bulbs, remove old skin and soil, then spray bulb thoroughly. Spray seeds at time of planting.

Hard Surface Protection:

Test small area to check for staining. Spray surface thoroughly.

Use Restrictions:

For outdoor use only. Do not apply to food or feed crops or directly to water. Do not apply at temperatures below 40°F or in wet, windy conditions.
