# FRUIT FLY TRAP

Safer<sup>®</sup> Brand Home Fruit Fly Trap is designed to lure and trap adult fruit flies, using the special food-based liquid lure. Flies that enter the trap can't escape to continue breeding.

### Filling the Trap:

1. Place trap upright on solid surface and remove cap from lure bottle.
2. Insert lure bottle tip into center hole of trap. Empty bottle contents into trap.
3. Place the trap in areas where fruit flies have been seen. Place the trap where it will not be disturbed or tipped.
4. Discard the trap after 45 days of use.

**Common Use Areas:** Traps are most effective when placed near breeding sites. Place behind or under kitchen counters, sinks, dishwashers, food, near fruits and vegetables, and any other location where fruit is stored.
