## Safety Data Sheet

### Safer Brand Home Spider & Insect Traps

---

#### SECTION 1: Identification

##### GHS Product identifier

|                |                                       |
|----------------|---------------------------------------|
| Product name   | Safer Brand Home Spider & Insect Trap |
| Product number | SH400                                 |
| Brand          | Safer Brand                           |

##### Other means of identification

##### Recommended use of the chemical and restrictions on use

Glue Trap and/or Bait Station

##### Supplier's details

|           |  |
|-----------|--|
| Name      | Safer Inc. (A wholly owned subsidiary of Woodstream Corp.) |
| Address   | 29 E. King St.<br>Suite 201<br>Lancaster PA 17602<br>USA   |
| Telephone | 800-800-1819 x1219   |
| email     | kstyer@woodstream.com                                      |

##### Emergency phone number

800-424-9300

---

#### SECTION 2: Hazard identification

##### General hazard statement

This product does not meet the regulatory definition of a hazardous chemical under 29 CFR 1910.1200. However, good industrial hygiene practices should be used in the manufacture and handling of this product.

##### Classification of the substance or mixture

##### GHS classification in accordance with: OSHA (29 CFR 1910.1200)

Not a hazardous substance or mixture.

##### GHS label elements, including precautionary statements

Not a hazardous substance or mixture.

##### Other hazards which do not result in classification

Repeated, prolonged exposure to the skin may cause an allergic reaction.

# Safety Data Sheet

## Safer Brand Home Spider & Insect Traps

---

### SECTION 3: Composition/information on ingredients

#### Mixtures

#### Hazardous components

##### 1. Paraffin Oils

Concentration 5 - 15 % (weight), Trade secret\*  
CAS no. 8012-95-1

##### 2. Rubber

Concentration 5 - 10 % (weight), Trade secret\*  
CAS no. 9006-04-6

##### 3. Cardboard Substrate

Concentration 75 - 90 % (weight)

#### Trade secret statement (OSHA 1910.1200(i))

The exact percentage (concentration) of composition has been withheld as a trade secret.

---

### SECTION 4: First-aid measures

#### Description of necessary first-aid measures

|  |   |
|--|---|
| General advice   | Provide this Safety Data Sheet to medical personnel   |
| If inhaled   | Remove to fresh air   |
| In case of skin contact                                | May cause an allergic skin reaction, if this occurs, seek professional medical advice. NOTE TO DOCTORS/MEDICAL PROFESSIONALS: Cooking/Vegetable oil can be used, under your direction, to break down the glue |
| In case of eye contact                                 | Seek professional medical advice if glue gets in eyes   |
| If swallowed   | Rinse mouth with plenty of water. Do not induce vomiting. Seek medical attention if needed.   |
| Personal protective equipment for first-aid responders | Rubber gloves   |

#### Most important symptoms/effects, acute and delayed

Skin irritation and/or allergic reaction may occur

# Safety Data Sheet

## Safer Brand Home Spider & Insect Traps

---

### SECTION 5: Fire-fighting measures

#### Suitable extinguishing media

Water, CO2

#### Specific hazards arising from the chemical

Skin irritation or allergic skin reaction may occur (glue)

#### Special protective actions for fire-fighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

---

### SECTION 6: Accidental release measures

#### Personal precautions, protective equipment and emergency procedures

This product is considered an article which does not release or otherwise result in exposure to a hazardous chemical under normal use conditions. Use rubber gloves when handling product, to avoid direct contact with the glue.

#### Methods and materials for containment and cleaning up

Wear rubber gloves and place product in approved trash container

---

### SECTION 7: Handling and storage

#### Precautions for safe handling

Handle in accordance with good industrial hygiene and safety practices. Avoid contact between the glue and your skin or eyes. Do not eat, drink or smoke when using this product.

#### Conditions for safe storage, including any incompatibilities

Store in a manner that no contact will be made with the glue covered section of the trap. Keep out of the reach of children. Do not store or use in proximity to an open flame.

#### Specific end use(s)

Spider and insect trap that utilizes a proprietary glue formula to hold the insects in place.

---

### SECTION 8: Exposure controls/personal protection

#### Appropriate engineering controls

Showers, Eyewash Stations, Ventilation System

#### Individual protection measures, such as personal protective equipment (PPE)

##### Eye/face protection

No special protective equipment is required

##### Skin protection

Rubber gloves to avoid contact with the glue

##### Body protection

Rubber gloves should be used when handling product to avoid contact with proprietary glue formula

##### Respiratory protection

No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

# Safety Data Sheet

## Safer Brand Home Spider & Insect Traps

### Environmental exposure controls

This product is considered an article which does not release or otherwise result in exposure to a hazardous chemicals when used as directed.

---

## SECTION 9: Physical and chemical properties and safety characteristics

### Basic physical and chemical properties

|  |   |
|--|---|
| Physical state   | Solid   |
| Appearance   | Clear to semi-clear glue on a cardboard substrate |
| Color  | Clear to semi-clear                               |
| Odor   | Mild  |
| Odor threshold   | No information available                          |
| Melting point/freezing point                             | No data available                                 |
| Boiling point or initial boiling point and boiling range | No data available                                 |
| Flammability   | No data available                                 |
| Lower and upper explosion limit/flammability limit       | No data available                                 |
| Flash point  | >400 degrees F                                    |
| Auto-ignition temperature                                | No data available                                 |
| Decomposition temperature                                | No data available                                 |
| pH   | No data available                                 |
| Kinematic viscosity                                      | No data available                                 |
| Solubility   | Insoluble   |
| Partition coefficient n-octanol/water (log value)        | No data available                                 |
| Vapor pressure   | No data available                                 |
| Evaporation rate   | No data available                                 |
| Density and/or relative density                          | 0.875   |
| Relative vapor density                                   | No data available                                 |

### Particle characteristics

No data available

### Supplemental information regarding physical hazard classes

No data available

### Further safety characteristics (supplemental)

No data available

---

## SECTION 10: Stability and reactivity

### Reactivity

No data available

### Chemical stability

Stable under normal use and storage directions

### Possibility of hazardous reactions

None, when used as directed

### Conditions to avoid

Avoid high temperatures or open flames. Avoid strong oxidizing agents.

### Incompatible materials

No data available

# Safety Data Sheet

## Safer Brand Home Spider & Insect Traps

### Hazardous decomposition products

May form carbon oxides or various hydrocarbons if burned.

---

## SECTION 11: Toxicological information

### Information on toxicological effects

#### Acute toxicity

LD50 Oral - Rat - > 5,000 mg/kg

LC0 Inhalation - Rat - 4 h - 200 mg/m<sup>3</sup>

LD50 Dermal - Rabbit - > 2,000 mg/kg

#### Skin corrosion/irritation

Repeated or prolonged contact with the glue may cause an allergic reaction

#### Serious eye damage/irritation

Not classified

#### Respiratory or skin sensitization

Not classified

#### Germ cell mutagenicity

No information available

#### Carcinogenicity

No ingredient of this product, present at levels greater than or equal to 0.1%, is identified as a probable, possible or confirmed human carcinogen, by IARC, NTP or OSHA

#### Reproductive toxicity

No information available

#### STOT-single exposure

No information available

#### STOT-repeated exposure

No information available

#### Aspiration hazard

None, when used as directed

---

## SECTION 12: Ecological information

### Toxicity

The environmental impact of this product has not been fully investigated.

### Persistence and degradability

No information available

### Bio accumulative potential

No information available

### Mobility in soil

No information available

# Safety Data Sheet

## Safer Brand Home Spider & Insect Traps

### Results of PBT and vPvB assessment

No information available

### Endocrine disrupting properties

No information available

### Other adverse effects

None noted

---

## SECTION 13: Disposal considerations

### Disposal methods

#### Product disposal

This material, as supplied, is not a hazardous waste according to Federal regulations (40CFR 261). This material could become a hazardous waste if it is mixed with, or otherwise comes in contact with, a hazardous waste or if chemical additions are made to this material, or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional, or local regulations for additional requirements.

#### Packaging disposal

This material, as supplied, is not a hazardous waste according to Federal regulations (40CFR 261). This material could become a hazardous waste if it is mixed with, or otherwise comes in contact with, a hazardous waste, or if chemical additions are made to this material, or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional, or local regulations for additional requirements.

---

## SECTION 14: Transport information

### DOT (US)

Not dangerous goods

### IMDG

Not dangerous goods

### IATA

Not dangerous goods

---

## SECTION 15: Regulatory information

### Safety, health and environmental regulations specific for the product in question

#### SARA 313 Components

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

#### CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the CWA (40 CFR 122.21 and 40 CFR 122.42)

#### California Prop. 65 Components

This product does not contain any Proposition 65 chemicals
